## We Are Chicago's Online Vehicle Sales Source

Chicago Car Mart wishes to thank you for allowing us to market your vehicle. We appreciate your business, and hope that you are satisfied with our services.

At Chicago Car Mart, we have highly experienced staff on hand to help you market your vehicle(s) within a much larger automotive market. In many areas of the country the economy is down. Even in Chicago, the economy has taken a hit. But with over 22+ Million people within a 7 county area, many are still buying vehicles at a steady rate. People in the larger cities generally have to commute further to work, creating a continuing need for dependable, clean vehicles. Experience has shown that many urban buyers prefer to purchase vehicles from the rural areas, perceiving them as a better bargain for their money. Vehicles from more rural areas often tend to be cleaner and have fewer miles accumulated on them. At Chicago Car Mart, we only market vehicles from rural and smaller urban areas far from even the Chicago suburbs. This assures a better inventory of preferred vehicles. Chicago Car Mart markets cars, trucks, SUV's, vans, motorcycles, RV's, watercraft, boats, aircraft, farm equipment, industrial equipment, and semi tractors. Let's proceed with getting your vehicle(s) sold.

Below, you will find your contact information and vehicle(s) information. Please read it carefully and correct any errors. Again, thank you for using Chicago Car Mart as your vehicle-marketing source.
